Craftsmanship

Inspired and inspiring; full of charm and character, our Art Select Wood collection brings the natural beauty of real timber to life in your home.

Through meticulous attention to detail and careful selection of the most beautiful and inspiring natural timbers, Art Select includes our most intricate designs and realistic embosses.

Each plank is handcrafted to reflect the unique grains, knots and textures of natural timber, but unlike real wood, we're able to design a floor that's not only beautiful and realistic, but also practical.

Everything that a beautiful wood floor should be, and so much more, each of our Art Select Woods tells its own story.
